International
Women's Day

A Five-Day National Workshop Choose to Challenge - Together We Can March 8 - 12, 2021

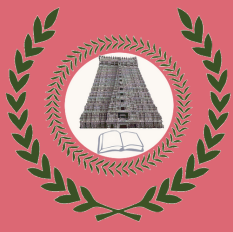

About the Institute

The Indian Institute of Information Technology Tiruchirappalli (IIIT) was established in the year 2013-14 as the Institute with National Importance under Public Private Partnership Mode by Ministry of Human Resource Development (MHRD), Govt. of India. The Stakeholders of IIIT are Central Govt. of India, State Govt. of Tamil Nadu, and Industry partners, viz., TCS, CTS, Infosys, Ramco Systems, ELCOT, and Navitas. The main objective of IIIT is to impart world class education in Engineering and Technology to conduct research in the relevant fields, and to further advance learning and dissemination of knowledge. The Institute has been conferred with autonomy in financial and administrative matters to achieve rapid development.

A major objective in establishing IIIT is to set up a model of education which can produce best-in-class human resources in IT and can harness the multidimensional facets of IT in various domains. While the number of students produced would be small, the impact they create would be great.

Department of Science & Humanities

Department of Science and Humanities focuses on strengthening the skills of students along with their knowledge on technology and engineering. The Department consists of Physics, Mathematics, Economics and English which are the basic to the overall development of the students. These courses enhance the ability of students to tackle the challenges in academics and in their endeavors to land in a job. The Department also conducts research programs in the above mentioned fields so as to inculcate the spirit of research in pedagogy.

A Five-Day National Workshop Choose to Challenge - Together We Can March 8 - 12, 2021

About the Program

International Women's Day (IWD) is celebrated every year to rejoice in womanhood. IWD works towards the empowerment of women and their participation in technology, engineering, science, business, and industry. It identifies the social, economic, cultural, educational and political achievements of women. The workshop takes this chance to reflect the achievements of women through challenges, barriers and societal boundaries. The celebration of brave and extraordinary achievements call for change in society.

Organizing Committee

Patron

Prof. NVSN Sarma, Director, Indian Institute of Information Technology,
Tiruchirappalli

Conveners

Dr. K Kamakshi, Assistant Professor (Physics) & Head Dept. of Science and
Humanities

Dr. Rinshu, Assistant Professor (Economics)

Faculty Coordinators

Dr. P Jagadeeshwar, Assistant Professor (Mathematics)

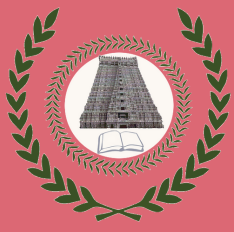

Dr. V Sindhu, Assistant Professor (English)

Student Coordinators

Ms. Bhavana , Ms. Sravani and Mr. Rishank.

Intended Audience

Faculty members and research scholars from various Institutions such as IITs, NITs, IIITs and other engineering, degree colleges Universities/Organizations, and Scientists, researchers from industry/academia.
