What is Co-WIN

Co-WIN is a platform for the citizens of India to **Register for COVID-19** vaccination and schedule their vaccination slots at the nearest vaccination centers.

Why Registration and Scheduling for vaccine is necessary?

- For COVID-19 vaccine, a vast logistics operation will be needed.
- Millions of doses must travel hundreds of miles from manufacturers to hospitals, doctor's offices, and pharmacies.
- Then in turn they must store, track, and eventually get the vaccines to people all across the country.
- A veil when opened must be given to 10 persons within a short span of time.
- Scheduling is necessary to avoid wastage of this precious medicine.
